POLICY

Goals

The board of fire commissioners recognizes the importance that the physical plant plays in providing services in the district. The district shall develop an aggressive program to maintain and/ or upgrade the buildings and grounds of the district. Facilities represent a long-term investment of the district. The functional utility of such facilities can be increased with a regular maintenance program monitored by staff.

The board further recognizes the importance of planning in order to provide the anticipated facility needs of the future. The board shall maintain a regular review of industrial and housing development and related service needs within the fire protection district.
